Profile

Our Commitment

We are committed to delivering inspired designs that fulfill client expectations through collaboration and exceptional service. Our goal is always to create designs tailored to our clients' unique personal styles and practical needs. Much of our business comes from repeat clients and direct referrals. Once people hire us, they seem to want to do it again!

Concept

Our Team at BWE believes in communication and care for our clients, be it small or big projects. We design to deliver the best for everyone.

Believing in achieving the best quality, we utilise and work with a carefully selected pool of professional suppliers and manufacturers who deliver the finest materials from furniture to fabrics.

With experience in both the commercial and residential projects, our ranges of clients include hotels, restaurants, offices and bars to apartments and landed properties.

Objective : Reduce Project Lead Time | Optimize Investment | Ensure Quality | Accelerate Execution

Proposed implementation - Prefabricated & Modular Structures for Showroom and Workshop development to reduce project timelines, optimize investment, enhance construction quality, and achieve faster business readiness.

WHY PRE-FABRICATED STRUCTURE?

 Faster Deployment |  Durable & Reliable |  Cost & Quality Control |  Future-Ready & Scalable

01

QUICK CONSTRUCTION

Factory fabrication and site execution run in parallel, reducing overall project lead time

02

DURABILITY

Quality materials and robust engineering ensure a long-lasting facility.

03

COST & QUALITY CONTROL

Standardized components and factory fabrication ensure consistent quality and better project control.

04

EASY EXPANSION

Modular infrastructure supports seamless expansion as business requirements increase.

End to End Solution – Green Field to Completion Report Preparation as per CI Norms

We deliver complete solutions

**Design → Planning → Procurement → Fabrication → Civil Work → Interior →
Electrical → Plumbing → Furniture → Finishing → Handover**

- 1. Design & Planning**
- 2. Prefabrication & Structural Work**
- 3. Civil Construction Works**
- 4. Iron work (Mezzanine floor)**
- 5. Interior Work & False Ceiling**
- 6. Furniture & Fixtures as per design approved**
- 7. ACP fitment at Showroom & Workshop**

- 8. Aluminium & All type glass including toughened glass.**
- 9. Electrical & Lighting**
- 10. CCTV & Security Solutions**
- 11. Plumbing & Utility Works**
- 12. Tile and Kota fitting with polish**
- 13. Paint with putti**
- 14. Renovation & Modification**

Why Choose Us

End-to-End Solution -

Design, fabrication, civil work, interiors, MEP, branding and handover under one roof.

Faster Project Delivery -

Off-site fabrication and on-site execution run in parallel to reduce project lead time.

Consistent Quality - Factory-controlled fabrication, standardized components and systematic quality checks ensure consistency..

Durable & Low Maintenance

- Engineered structures, quality materials and protective finishes provide long-term performance.

Customized for Dealerships -

Showroom, workshop, parts, office, customer lounge, storage and utility areas designed around business needs.

Scalable & Future-Ready

- Modular construction allows workshop bays, storage, offices and other facilities to expand with business growth.

Single-Point Accountability

- One partner for planning, execution, coordination, quality and final handover..

Strong & Experienced Team -

200+ Professionals | 11+ Years of Experience | End-to-End Execution Capability. Multiple Project can manage one time.

Professional Engineering Supervision at Every Stage

- Dedicated engineers conduct **regular site visits and inspections** to monitor execution, quality, safety and adherence to approved drawings and specifications.

1-Year Maintenance-Free Assurance & 5 Years Warranty on Pre Fab Materials

Enjoy hassle-free operations with 1 year of maintenance-free support after project handover. (Half yearly once Visit to Project)

Project Timelines @ 45 Days (Workshop)

Workshop Step by step

Boundary - 7 Days

Sand Filling

Foundation Pillar with Rod

Flooring (Kota/Tiles) – 10 Days

Wall Tiles Fitting

Pre Fabrication Structure – 21 Days

Cabins Installation/ Electrical Fitment – 7 Days

Falce Ceiling

ACP Fitment

Branding /Furniture

Wall Painting

Total Tentative Days Requirement - 45 Days

Project Timelines @ 50 Days (Showroom)

Showroom Step by step
